

## PE

### Curriculum Implementation

**Schemes of Work:** At Tintwistle, we follow the 'Get Set 4 PE' scheme of work and we also use Active Tameside to deliver PE sessions, which are in line with the National Curriculum. Lessons are planned and the PE National Curriculum content is covered throughout KS1 and KS2. All pupils in the EYFS are taught PE as an integral part of the play-based learning covered during the academic year.

**Language/Vocabulary:** Technical vocabulary is taught, which is essential to acquire a rich knowledge and understanding of PE.

**Independent Learners:** Children solve problems, take risks and think innovatively.

**Collaborative Learning:** Children work as part of a team throughout the PE curriculum. They use skills to negotiate, learn how to work with others and respect and value the work and opinion of others.

**Capital Culture:** Opportunities are mapped out across the curriculum for pupils to learn about the essential contribution made by both men and women of different races, ethnic groups and religious beliefs to the creativity, culture, wealth and well-being of the nation.

**Enrichment:** Visits and visitors are arranged to provide our children with first-hand, purposeful experience to support and develop their learning. We have a sports week every year, where the children are provided with lots of new opportunities, we have had climbing wall, archery, skating, cycling events in the past. We also compete in regular HPSSP competitions and attend local events at Glossopdale throughout the academic year. We attend the 'Making Space Dance Event' every year at Buxton Opera House, we take a group of dancers who perform in the show.
