Phonics	Nursery	<p><u>Phase 1-Aspect 1- General sound discrimination- environmental sounds</u></p> <p>- The aim is to raise children's awareness of the sounds around them and to develop their listening skills.</p> <p>- Activities include: listening walks, drumming on different items outside and comparing the sounds, sounds lotto games and making shakers.</p>	<p><u>Phase 1-Aspect 2- General sound discrimination - instrumental sounds</u></p> <p>-The aim is to develop children's awareness of sounds made by various instruments and noise makers.</p> <p>-Activities include: comparing and matching sound makers, playing instruments alongside a story and making loud and quiet sounds.</p>	<p><u>Phase 1-Aspect 3-General sound discrimination - body percussion</u></p> <p>-The aim is to develop children's awareness of sounds and rhythms.</p> <p>-Activities include: singing songs and action rhymes, listening to music and developing a sounds vocabulary.</p>	<p><u>Phase 1-Aspect 4 Rhythm and rhyme</u></p> <p>-The aim is to develop children's appreciation and experiences of rhythm and rhyme in speech.</p> <p>-Activities include: rhyming stories, rhyming bingo, clapping out the syllables in words and odd one out.</p>	<p><u>Phase 1-Aspect 5 Alliteration</u></p> <p>-The aim is on initial sounds of words, with activities including I-Spy type games and matching objects which begin with the same sound.</p> <p><u>Aspect 6 - Voice sounds</u></p> <p>-The aim is to distinguish between different vocal sounds and to begin oral blending and segmenting. Activities include Metal Mike, where children feed pictures of objects into a toy robot's mouth and the teacher sounds</p>	<p><u>Phase 1-Aspect 7</u></p> <p>-This aspect, the main aim is to develop oral blending and segmenting skills.</p> <p>-To practise oral blending, the teacher could say some sounds, such as /c/-/u/-/p/ and see whether the children can pick out a cup from a group of objects. For segmenting practise, the teacher could hold up an object such as a sock and ask the children which sounds they can hear in the word sock.</p>

						out the name of the object in a robot voice - /c/- /u/-/p/ cup, with the children joining in.	-The activities introduced in Phase 1 are intended to continue throughout the following phases, as lots of practice is needed before children will become confident in their phonic knowledge and skills.
	Reception	<u>Phase 2 Little Wandle Letters and Sounds</u> As soon as each set of letters is introduced, children will be encouraged to use their knowledge of the letter sounds to blend and sound out words. For example, they will learn to blend the sounds s-a-t to make the word sat. They will also start learning to segment words.			<u>Phase 3 Little Wandle Letters and Sounds</u> By the time they reach Phase 3, children will already be able to blend and segment words containing the 19 letters taught in Phase 2. Over the twelve weeks which Phase 3 is expected to last, twenty-five new graphemes are introduced (one at a time).
